Grady H. Stiles, Milam Native, Top Editor, Dies

Grady Henson Stiles, 58, a native of Thorndale who rose to farm and ranch editor of The Corpus Christi Caller Times died Thursday after suffering a heart attack at his home.

His sister Mrs. H. H. Stedman, Mr. Stedman, and his nieces, Mrs. Dana Monroe and Mrs. L. W. Stroup all of Cameron attended Funeral Services Sunday evening in Corpus Christi.

His talent as a newspaperman was widely recognized. Educated at the University of Texas, he had been publisher of the Alice Echo in 1931-35, the Guadalupe Valley Standard at Cuero in 1936-39 and of the Victoria Mirror from 1939-44 before joining the Corpus Christi paper.

In addition to the farm pages he conducted for The Caller-Times, he was also editor of Better Ranches and Farms, a monthly magazine.

Few men can claim the honors that came to Grady Stiles. His stories on the aftosa outbreak in Mexico brought him The Associated Press managing editor's award in 1948, he received the Beeville Gold Key Club award in 1947; the Texas A&I Aggie Roundup Award the same year; the Distinguished Service Award for Outstanding Journalistic Achievement from the state vocational agriculture teachers in 1950.

The San Antonio Chamber of Commerce Award for Advancement of Rural Life in 1951; the Agua Poquita Soil Conservation Award in 1956; the Texas Future Farmers of America voacational award in 1952; the Production Credit Association Award in 1961; and the Duval County 4-H Clubs Award in 1958.

Texas A&I's division of agriculture and the Aggie Club in 1950 named him South Texas' outstanding citizen.

Stiles twice was a nominee for the Hoblitzelle Award from the South Texas' region.

Through his work and by his direction of his farm staff, The Caller-Times in 1962 received the Outstanding Texas Daily Newspaper Award for its public service in support of soil conservation.

Surviving are his wife and two daughters Joy and Josephine of Corpus Christi, a son Wallace Stiles of Yoakum; two brothers Graham Stiles of Brownsville and E. L. Stiles of LaPorte, and his sister, Mrs. Stedman of Cameron.

Milam's Company C . . . Guard Unit Comes Home

Milam County's 49th Armored Division unit returned home Sun. after two weeks of hot and dusty tank training at North Fort Hood, and the unit picked up top ratings from Regular Army evaluators.

It was the unit's first 15-day active duty training period since a year ago when they returned from 10 months active duty during the 1961 Berlin Crisis mobilization.

Capt. Joe C. Willingham of Milano, the unit's new commanding officer who spent his first summer camp with the Milam tankers, said the men worked hard and "did outstanding jobs during a five-day field maneuver and three days spent on the tank tables (firing ranges)."

At a final company formation at the Cameron armory Sunday, Capt. Willingham congratulated the company personnel for their work during the summer training.

The temperatures hit above 100 degrees on 11 of the 15 days during the camp. The tank crewmen finished each day's work wearing a white coat of dust from the dry Fort Hood terrain. Rain, which dropped the temperatures temporarily, were welcomed by the GIs Thursday of the final week.

The unit Company "C" of the 3rd Tank Battalion, 112th Armor, arrived at 'tent city" at North Fort Hood on Sunday, July 28, and promptly rumbled their M-48 tanks into the field on the following day for a week of field duty.

The week including simulated combat maneuvers for the tank crewmen, including nine exercises, alerts and maneuvers in the "wee small hours," Capt. Willingham explained.

The second week featured firing of the 30 and 50-caliber tank machine guns as well as the huge, 90 mm tank weapons.

Company C was responsible for preparation and conducting the range firing on two of the tank tables last Monday and Tuesday. First Lt. Donald Mitcham of Caldwell and 2nd Lt. James Wentrcek of Rogers served as range and safety officers.

Two Company C members collected three trophies for the unit in .45 pistol marksmen contests.

Sp5 Harlan Mees and Sp4 Eugene Schiller, both of Cameron, placed third and fourth, respectively, in the division contests conducted during the first week of camp.

They each received an engraved trophy, plus a team trophy.

Three enlisted men from the unit attended special Regular Army courses. Staff Sgt. James Hairston of Hearne underwent a counter guerilla warfare course, Pfc. Marcelino Flores attended the Non-Commissioned Officer's Academy at South Fort Hood, and Sgt. E5 Bill Cooke attended a radar operations school.

Company personnel completing the annual active duty training were: Capt. Willingham, Milano, commanding officer; 1-Lt. Mitcham and 2-Lt. Wentrcek, platoon leaders; Psgt Denson Crouch, Cameron; Psgt, Pete Kunz, Cameron; Psgt. James M. Thompson, Cameron; Sfc Joe Vybiral, Cameron.

Also, Ssg. Trine Alvare, Cameron; Ssg. Doyle Armstrong, Waco; Ssg. John R. Caffey, Austin; Ssg. Hairston, Hearne; Ssg. Fabian Klecka, Temple; Sgt. Kenneth Bounds, Milano; Sgt. Cooke, Rockdale; Sgt. Jimmie Love, Rockdale; Sp5 Stanley Betchan, Rockdale.

Also, Sp5 Lee Doskocil, Rosebud; Sp5 Milton Hubnik, Cameron; Sp5 William Kelm, Rogers; Sp5 Johnnie Klecka, Burlington; Sp5 Billy Kostroun, Austin; Sp5 Mess, Cameron; Sp5 Eugene Roznos, Bryan; Sp5 Maurice Woytek, Buckholts; Sp4 Marvin Roessler, Rogers; Sp4 Eugene A. Schiller Temple; Sp4 Leland Taylor, Cameron; Pfc Flores, Cameron; Pfc Joe Offield, Austin.

FAST HARVEST PUSHES GINS TO CAPACITY

About 5,000 bales have been ginned of Milam County's 1963 cotton crop, apparently headed for a fast finish in a few weeks for a 20,000-bale crop.

Farmers Gin, Cameron cotton gin, reported eight times more cotton than the same time a year ago. Last year by mid August bale total was 150 bales, but it was about 1,200 thus far, a company official said.

Buckholts Farmers Gin spokesman told The Herald this week that cotton is coming equally well.

Managers of Modern Gin, of Buckholts, and other Milam Cotton gin operators were not available for comment, but the pattern was set for a quick crop, to be in by another two weeks.

Cameron Compress reported that bales tallied through Tuesday night totaled 5,000, well ahead of the count last year at this time.

A Farmers Gin spokesman said that some cotton growers said this was one of the best crops in their experience.

Dry weather reduced, if it did not totally eliminate, the need for chemicals, agriculture observers said, and the crop will be more profitable to the grower. The expense was greatly reduced.

A 20,000 bale crop seemed likely, observers said, in view of the large, early turnout of cotton. Hot weather popped bolls early and will mean a much shorter harvest year than normal.

Last year, about 19,000 bales were ginned in Milam County

By FML

It took at least three or four "Third parties" to make us realize that we miscredited the VFW for contribution efforts to the public library in The Herald of August 8.

In cutlines on a picture showing Henry Dreyer presenting a check, The Herald should have said that "Dr. George Bowman, Cameron Library Board member, accepts a $50 check from Henry Dreyer, a leader of the Cameron World War I veterans, a new veterans organization here. Looking on were other World War I veterans R. J. Griffin, August Kunz, J. W. Clements.

We are certain they are or would be members in good standing of the Veterans of Foreign Wars, where applicable, but their WWI group deserves the credit, not only for $50 for the Library, but for other funds for special hospital beds.

104-4-104

"People who refer to things as "dirt cheap" have never owned a garden."

104-104-104

BORROWED-

Woman to her husband: I'm not overdrawn at the bank; you're underdeposited."

OR . . . . .

"Will your wife hit the ceiling when you come home late?"
"Probably - she's a rotton shot."

-The Northwesterner

AND . . .

When a husband opens the door a helps his wife into the car, it's a pretty good guess that he has only recently acquired one or the other."

104-104-104

Since school is fast approaching we recall the telling of the "Short Mile" - - -

"One day a teacher friend of mine asked each of the pupils in her kindergarden class how near she lived to school and how long it took him to get home. She couldn't help smiling at one little boy's answer:

"I must live pretty close because when I get home, my mother always says, "Good grief, are you home already"."

School Board Grant Low Bids

A Cameron School Board meeting Monday night saw a number of bids opened for school services and materials and the appointment of alternate members to the 1963-64 Equalization Board.

Supt. Charles Ziegler said that low bidder for school bus gas, oil and grease was Grimes Humble Refining Co. and bus servicing low bidder was Mack's Oil Co.

Low bid for lunchroom milk and ice cream for the year was Pure Milk Co. and low bidder for lunchroom bread was Austin Baking Co.

Alternates named to the School Equalization Board were Frank J. Hanel and J. J. Heitman. Regular board members are Roy Law, Bill Hornung and Sam Tindall.

Three resignations also were accepted, Supt. Zeigler announced. They were: Mrs. Aubrey F. Russell, former 6th grade science and math teacher; Paul Pittman, Yoe High School math teacher; and Howard Hurry.

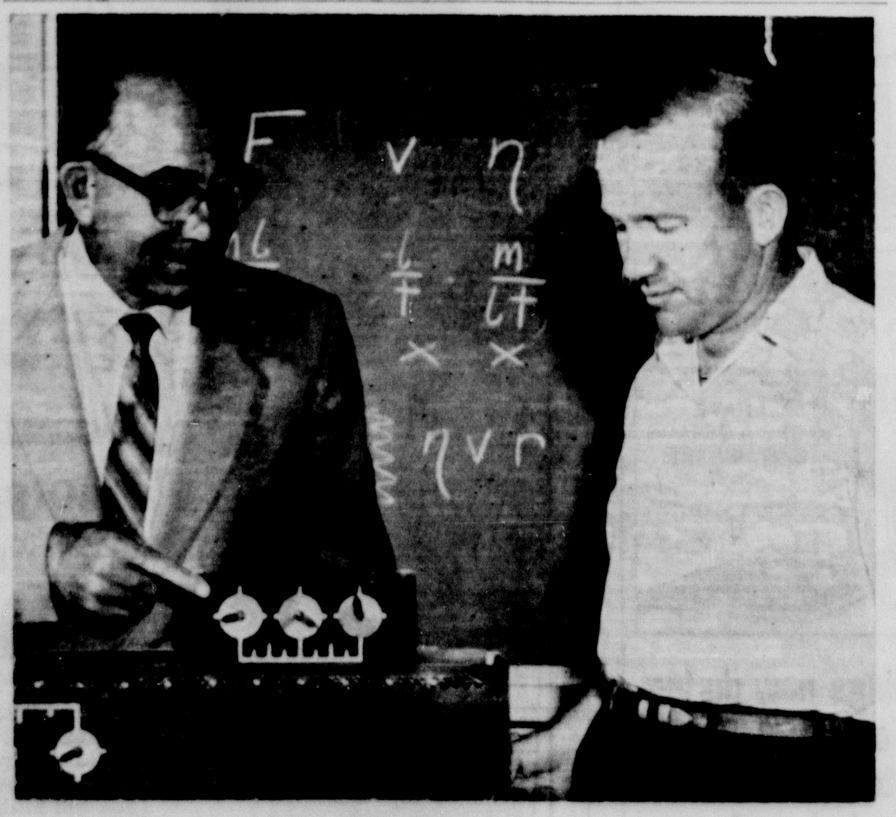
Named to serve as a partime English teacher was Mrs. Robert Foster.

Supt. Zeigler said an official recommendation has been made on the standardization of boys physical education equipment.

He said the school recommended white T-shirt, shocks, tennis or cross country shoes, and gray shorts.

In other school news, Supt. Zeigler said there were no changes in the school's curriculum for the coming year.

Last year, the senior high school curriculum was broadened to include five "solid" or academic subjects.



SCIENCE TRAINING — Yoe High School science teacher Fred T. Johns, right, gets some pointers from professor John F. Streib, of the University at Washington, during a summer class among a group of high school instructors across the nation receiving summer school fellowship from Shell Oil Co. He will return to Cameron for the new school year.

How Dry You Are? Records Compare

During dry weather, a comparison is inevitable.

"Is this really the driest year in years? And if so, how dry is the driest?

These questions may not be answered conclusively because weather bureau records don't go all the way back, but they do include figures on the last year of the drought of the early 1950's.

That was 1956.

Through August 14, 1956, a total of 11.88 inches of rain fell. For the year, the total was a sub-normal 20.12.

Through August 14 this year, a total of 7.91 inches fell in the Cameron vicinity. That's pretty dry.

There has been a trace of rain August 8 and a trace, not measureable, Wednesday.

Interesting thing about the year following 1956 dry spell: It rained and it rained and it rained. In fact, it flooded. This however followed some six or seven years of dry weather.

Driest ever apparently was the late 1920's when, native residents recall there was no crop one year.

This year, one would expect problems in crop production. But to the contrary, maize and corn production, because of extensive fertilier use, was normal.

And cotton is going to come in equally early and equallly fast. A normal 20,000 bale crop is anticipated.

The basic concern this year has been for grassland, which has suffered from the lack of water. According to the Milam ASCS, something is being done about this.

It's dry. A 36-inch annual rainfall is normal. But so far, Cameron and vicinity have suffered more in the heat, than in the pocketbook.

2 Accidents Cause Three Injured On Milam Roadways

Two accidents Sunday sent three people to Milam County Hospitals, acording to Durwood Kennedy, investing patrolman.

Butch Smith was treated for a cut on the throat and lower jaw. His condition is reported good by St. Edward Hosptial.

Kennedy said that a tie rod end apparently came loose and Smith lost control of the car, running thru a barbed wire fence.The accident occurred about 6:15 Sunday night.

At 10:20 p.m. Sunday, a car driven by Charles D.Van Goten of Rt. 2, Rockdale, struck a police car driven by Rockdale Police Chief, George Moss.

Kennedy reported that the Van Goten car was going east on US 70 in Rockdale when it crossed the road and hit the police car.

Moss was taken to Richards Clinic in Rockdale and treated for minor facial injuries.Van Goten was taken to St. Edward's Hospital in Cameron and was treated for a kneecap injury. Doctors had to remove the kneecap. He is reported in good shape.

Kennedy filed DWI charges in County Court against Van Goten.

Public Hearing Set For School Budget

A public hearing on the 1963-64 Cameron Independent School budget has been set up for 7:30 p.m. Friday, August 23 at the superintendent's office, Ben Milam School.

Supt. Charles Zeigler said that final budget estimates are being drawn up by the school administration prior to a budget presentation to the school board and general public at the hearing.

Summer Story Hour Ends, Reading Club To Present Awards

The Cameron Public Library summer story hour program came to an end this week after two full months of activity for pre-school through 6th grade students.

About 80 children have participated in the program which was designed to interest children in the library and show them books at an early age the fun and entertainment to be found in books.

Mrs. Tom Wardlaw, librarian, announced that the deadline for reporting for credit in the Reading Club would be August 23. A special program for presentation of certificates and book awards has been set for August 29.

Mrs. Wardlaw said that 34 young people are participating in the reading Club this summer. Requirements for the certificates are that 12 approved books be read including at least 2 non-fiction titles.

Firemen Commended For Efforts In Rash Of Fires

Fire Chief Carl Black this week commended the efforts of Cameron Volunteer Firemen in devoting as much as three hours a day in fighting grass fires.

With the dry weather, there have been an increased number of grass fires.

Volunteer firemen have been spending as much as three hours day going to these fires in the 100-degree heat, Chief Black said.

"These men's efforts are certainly worthy of praise and thanks of the entire comunity", Chief Black also sherrif, said.

"This in most all cases is time away from their work or business. It is a real public service," he said.

12-ALARM WEEK BRINGS WARNING FROM MARSHALL

Twelve fire runs in the last week brought a stern warning from Cameron Fire Marshall John Eanes.

He warned residents that it was compulsory for Cameronites to clean up their vacant lots and to cut weeds around the buildings.

He also warned residents not to burn the grass on lots because of the dry weather and the fire danger.

Frank Richter, Cameron Volunteer Fire Department truck driver told the Herald his department had answered 12 alarms in the past week and all but one of the alarms were due to grass fires.

Four town runs were made during the past week. On August 7 the department answered a call at the Franklin Dusek residence and he reported some damage to the kitchen.

On Thursday there was a grass fire at the Boedeker residence on N. Central. Also there was a grass fire near Dairyland.

Tuesday the department answered the call to a fire near the Cameron Housing Unit. A small shed or barn burned along with the grass.

The department made eight out of town runs. Thursday they answered a call for a grass fire at the Auction Barn and then another call for a burr pile at the Kosel Gin in Ben Arnold.

Saturday the department had two calls. They were to the John Hrozek place on the Temple highway and the Auction Barn. Both were grass fires.

Sunday they were again called to the Kosel Gin in Ben Arnold for a fire resulting from the burr pile.

Tuesday the department answered three calls. The first was to the Ray Lester place near Jones Prairie community. About 250 acres of pasture land was destroyed along with a small building. Firemen battled the fire for 3½ hours and saved the larger barn and buildings. ved the larger barn and buildings.

They then answered a call about a grass fire near the door factory. And later they went to Pettibone to extinguish a barn that had caught fire on the Willie Horelica farm.

Aid Sought For Milam Grazing

The Milam County Disaster Committee has submitted an application of "county need for emergency grazing and haying" on July 29, according to officials at the Cameron Agriculture Stabilization and Conservation Service.

The Herald learned this week that Ted Ford, chairman of the Milam USDA County Disaster Committee, will advise immediately when action is taken and necessary information is available for participants in the Soil Bank and Feed Grain programs.

The State USDA Disaster Committee has reviewed the application and has recommended to the Secretary of Agriculture that Milam County be approved for seasonal grazing and haying on Conservation reserve and diverted acreage under the feed grain and wheat stabilization programs through October 31.

County Agents Notes

Gas Tax Refund Forms Available

J. D. Moore
Milam County Agent

Forms are available at the county Extension office for reporting claims for the Federal Gas Tax refund. This refund is on the four cents per gallon excise tax paid on gasoline and diesel fuel used by operators on their farms during the period July 1, 1962 to June 30, 1963. Reports are due September 30.

PLAN FALL GRAZING - Considration of a few items now will help insure needed fall grazing for livestock. Soil fertiltiy is most important and a soil test is the best guide for properly fertilizing any crop. A soil test taken now will give time to get the information back without unnecessary delay. Another general problem is the absorption of the rainfall and fertilizer down in the soil. The prectice of chiseling land 6 to 8 inches breaks the hard-pan usually associated with soil compaction resulting from the use of heavy equipment as well as grazing the previous crop with livestock.

Small grains planted for fall grazing are heavy users of nitrogen fertilizer. Sixty to seventy pounds of nitrogen placed 6 to 8 inches deep in the chiseled land will do a good job of starting a fall planted crop and help to get a real good root system before cold weather starts.

PROPER TIMING - Nitrogen fertilizer does not work to well after temperatures get below 58 to 60 degrees, therefore it is advisable to follow good practices in order to get fall seeded crops off to a good start with a good root system by Nov. 15.

RATE OF PLANTING - Research shows that total pounds of forage is not effected greatly by the planting of 2 to 3 bushels of seed where proper seedbed preparation and fertility has been assured. Most stockmen will agree that at least 3 bu of oats or 70 to 80 lbs of rye grass should be planted per acre in order to get carrying capacity to justify the expense of chiseling and fertilizer cost.

ALAMO X OATS is a new variety tevelopet tobe resistant to leaf rust ant other disease. This varity grows more erect and is especially good for grazing as well as a cash seed crop.

For the cold sandy soil, Elbon rye is recommended for winter grazing. Tests show that Elbon rye has produced 52 per cent of the total forage by Feb. 20 in the East Texas area. This indicates forage production during cold weather. Then too, Elbon rye heads out about a month earlier than oats.

A good field of fall and winter grazing will do much to reduced cost of wintering cattle.

Classing Operations To Resume In Austin

The United States Department of Agriculture, Agricultural Marketing Service Cotton Division Classing Office, Austin, will resume classing operations Monday morning August 12, according to J. B. Russ, Officer in Charge.

The office has been in the process of repair as a result of the recent fire. For the past two weeks the cotton that normally would have been classed in Austin, has been classed in the Dallas office. The last shipment of cotton to Dallas was made on August 9, and the classes will return to Austin upon completion of the classification of this cotton.

Ten tables will be in operation on Monday, with the addition of a night shift on Tuesday, which will bring the total number of classers to 20.

Micronaire operations begin Saturday and Mr. Russ expects to have 4 minronaries working 2 shifts a day.

Cotton receipts should average about 10,000 samples a day, and Mr. Russ expects classing to be fairly current.

Don't Guess - Soil Test

Soil Test Farming is Scientific Farming.

Take your Soil Samples Now. Take Samples to Your County Agent!

Soil Testing Takes The Guesswork Out Of Farming.

See Your County Agent for Soil Sample Bags and Information Sheets.

A soil test can save you money because it tells you: (1) How much and what plant nutrients you have in your soil (2) What kind of fertilizer you need; (3) How much you need and (4) Where you need it.

Soil Testing is the first step toward a sound fertility program for your farm.

A soil test can make you money by increasing your crop yields per-acre.

See articles and advertisements in this section for information on soil testing.

Buckholts Faculty Includes New Coach

Mr. Donald Hodges of Walnut Springs has joined the faculty at Buckholts High School. Hodges will teach driver education, Physical Education and Biology. He also has been selected to coach basketball and baseball.

Other members of the faculty re Mr. and Mrs. Jimmy Hauk, Roy Hensley, Arnett Zelisko, Kathryn Janicek, Wilma Whittington, Gene Beyer and Mary Walschak.

During host summer weather shade and water may mean more in the performance of animals than the feed they eat. Place feed and water near shade and try to keep the water temperature around 65 degrees. If natural shade is not available, inexpensive ones can be constructed. By making the animals comfortable, they will make you more profit.

Rushin' Roulette by Chon Day

7,100 pedestrians were killed and 244,200 injured by motor vehicles in 1962.

4-H Club Notes

Charles W. Henson,
Ass't Milam County Agent

The 4-H Club members are anxiously waiting to hear the results of the judging of their project record books. The County Winners will receive awards and also get to compete in District competition.

We have decided that each county winner should have a story of the 4-H Club work written up so the public can share with us the good job these young boys and girls are doing.

Tommie Garrison of the Milano 4-H Club has entered the State 4-H Horse Show. Tommie is the son of Mr. and Mrs. Leland Garrison of Milano. Tommie has been very active in horse shows over Central Texas and has placed in many. Tommie and his horse Smoky, will have a full schedule during the two day show which is to be held in College Station, August 22-23, 1963.

The annual County Sears Gilt Tour was held Saturday, August 3. Stops were made at Melvin Hollas, Eugene Vaculin, James McQuary, Peggy Stephens, and Stanley Garrison. All these 4-H members have made good progress in developing their gilts. The five club members will show their gilts in the 4-H Swine Show, August 31. The winner of this show will go to Waco and compete in district competition, Sept. 7.

Yearbook For Sorority Completed

ROSEBUD - Miss Bertha Pendergrass, Mrs. Robert Souther, and Mrs. Herman Willi recently completed the work of compiling the new yearbook for Beta Nu Chapter of The Delta Kappa Gamma Society.

Regular Beta Nu Chapter meetings for the year will be resumed September 7 when Rosebud will be hostess for a breakfast beginning at 9 a.m. and a program in Swanzy's Cafeteria in Rosebud.

Beta Nu Officers met June 18 and again of August 7 in the home of the president, Mrs. Byron Stubbs, in Rosebud.

F.T. Johns Taking Research Course

Science has made life easier for just about everybody but the science and mathmatics teacher.

Take the case of Fred T. Johns (right), who teaches science and math to 135 students at C. H. Yoe High School in Cameron. When he was in college no one had worked out the science or mathmatics to put man into space or to let man study the nucleus of an atom. In fact, some of the things the teacher was taught in college have since been disproved or modified by recent discoveries.

So, Mr. Johns and 99 other science and math teachers are back in college. The 100 teachers, from high schools across the U. S. and Canada, were selected to attend a special eight-week seminar. Its purpose is to help bring them up to date in their chosen fields.

The seminars are being held at Stanford University, Palo Alto, California, where our local teacher is studying, and at Cornell University, Ithaca, N. Y.

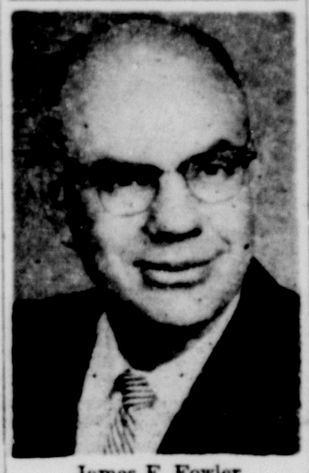
At Standford the teachers are learning some of the more basic advances that have been made in the fields of chemistry, physics and mathematics. They are also being taught how some of this new knowledge is used in space programs and in research in nuclear physics.

Their lecturersare men like physics professor, John F. Streib from the University of Washington, and Dr. William Shockley, who won a Nobel Prize for his work on transistors. The teachers also will hear talks by engineers and scientists from the Ames Research Center of the National Aeronautichs and Space Administration.

The seminars are sponsored each year by the Shell Companies Foundation, Inc. It pays the tuitions, fees, travel and living expenses of the teachers during their eight weeks of study. It also gives each teacher $500 to help offset any loss of summer earnings.

Teachers are chosen for the seminar by the faculties of Stanford and Cornell. This year's group of Shell Fellows was picked from over 1,000 teachers.

The seminar ends August 16.



James F. Fowler

Church Of Christ To Have Meeting

James F. Fowler, minister of the Central Church of Christ in Birmingham, Alabama, will preach in a gospel meeting in Cameron, he will be the speaker at both services on Sunday August 18th and each evening at 8:00 p.m. Monday through Friday at the Church of Christ, 3rd and North Central.

Mr. Fowler served the A&M Church of Christ from 1954 to 1955, where he labored as the local minister and Director of the Bible Chair. He worked as evangelist for the Delaware Street Church of Christ in Irving Texas for 5 years before accepting his present position in Birmingham, Ala., in 1960.

During his stay in Cameron, he will be the guest in the home of the Coleman Duncums.

Buckholts Students Register Aug. 30

Leon Brady, Buckholts School Supertindant has announced registration for all grades, except first grade students that registered in the Spring, will be from 9 to 11 a.m. August 30. Buses will run at 8:30 and 11.

The Buckholts schools will open September 3 at 8:30 a.m.

Mr. Brady also announced that the newly remodeled lunch room would be in operation and that the bus schedule would be the same as last year.

He reminded parents that six year old students must have an immunization certificate and birth certificate to be enrolled the first day of school.

Country Club House, Pool Appears Likely For Rockdale Course

A modern club house and swimming pool appear likely for the Rockdale Country Club following announcement of three gifts totaling $16,000.

W. H. Cooke, president of the Rockdale Club said that gifts included $7500 from Aluminum Company fo America, a gift of $7500 from an anonymous donor and another gift of $100 made anonymously last week.

Phillip Lloyd Shoop, San Antonio architect, has donated his services in drawing plans for the building. Shoop says he visualized a Bermuda type building with pink siding, white roof and trim and a wide porch around the southwest side and end.

The golf course is reportedly "almost ready for play" after a Volunteer Work-Day Saturday. The nine hole coorse has been a do-it yourself project.

Start for the club house will be remodeling of the old building given to the Country Club of Alcoa.

Cooke added "the gifts were made with the understanding that the Club would match the funds and thus be able to offer members first class family recreational facilities."

The correct handling of hogs on the way to market during hot weather can mean less shrink and death loss in transit. Husbandmen suggest that producers sort animals before loading, bed the truck with wet sand, load the truck a little lighter, keep the vehicle moving, and check the hogs frequently.

Texas farmers report intentions to farrow 95,000 sows this fall which is 14 percent below farrowings in 1962. This would indicate a crop of 665,000 pigs, if the farrowing rate remains constant, to be marketed in the spring of 1964.

McKinney Reunion Held At City Park

The McKinney reunion, held on the first Sunday in August each year, was held this year on August 4, in honor of Mr. Chesley Henry Clay Faucett McKinney and his wife, LouAlvin McKinney. They were married on this date in 1876 in Cameron in the county log courthouse.

The reunion was held in the city park with 79 attending.

Maysfield was the birthplace of Mr. McKinney, and was his post office adress all of his life. Mrs. McKinney was born near Rockdale, and to this union fifteen children were born with only nine living to maturity.

Mrs. Ida (McKinney) Houston, 85, who lives in Sinton Tex., was unable to make the long ride home for the reunion, but was visited at her home recently by two of he sisters, Mrs. Lola Phipps and Mr. and Mrs. W. H. Dodson.

The following sisters attended the reunion, Mrs. Illie Weather of Cameron, Mrs. Lola Phipps of Rogers, Mrs. Birdie Dodson of Waco and Mrs. Myrtle Francis of Kileen.

Other out of town guests included: Jane and Emma Rae Lamb Mrs. Riley Wilkinson, C. R. Dodson and family and Mr. J. T. Francis. All except two of Mrs. Weather's children attended.

A full day of visitation, meditation, singing, eating, picture taking and dominos were enjoyed by all.

GOP Women's Club To Be Organized In Cameron Aug. 20

A meeting to organize a Milam County Republican WomenS Club will be held 10 a.m. Tuesday, August 20 in the home of Dr. E. O. Smith, Jr., 802 E. 8th Street.

The club, an auxiliary for the Milam County Republican Party, will have as its purpose to provide a source of year-round service by Republican women volunteers and to promote educational programs to guide members in political, legislative and economic affairs.

Women from Rockdale, Thorndale Buckholts and Cameron will be attending the meeting which is open to anyone interested in joining the club or in learning more about it.

Hayes, airman apprentice, USN, son of Mr. and Mrs. Chester Hayes of 103 East 18½ St. Cameron is serving aboard the attack aircraft carrier USS Ticonderoga which recently returned from six - one half months deployment with the Seventh Fleet in the Western Pacific.

Mr. and Mrs. Harry Sappington and children from Austin are visiting her sister Mrs. Ennis Pentchler for the week.

GOLF ODDITIES

... by JOE BLACK, PGA Tournament Supervisor

THERE is a saying that lightning never strikes the same place twice. Don't believe it! In the 1963 PALM SPRINGS GOLF CLASSIC, Don January made a hole-in-one on the 15th hole at Indian Wells Country Club. Exactly two years prior in the same golf tournament, on the same hole, with the same club—a No. 8 iron—Don made a hole-in-one.

EVEN THOUGH Gary Player, the current national PGA champion, has one of the greatest records in professional golf for the past five years, there is one record Gary wants to break. Ten times Gary has tied for a golf championship and been forced into a playoff. Each time, Player has lost the playoff.

WHO MAKES the holes-in-one? Although forty of the nation's top men and women pro golfers team up each year to play the HAIG & HAIG SCOTCH MIXED FOURSOME, only two aces have ever been shot in the tourney's history . . . and these by gal golfers.

A MYTHICAL player who could have shot even par in each round of each golf tournament on the PGA tour in 1962 would have won $93,477.25 and been 5th money winner. But he would have won only one golf tournament— THE COLONIAL NATIONAL INVITATIONAL

Minerva—

Mrs. Trotter's Sons Are RecentGuests In Home

By Mrs. M. W. Longmier

Mrs. C. W. Trotter had as her guest her sons: Billy Trotter and family of Nederland, Charles H. Trotter and family of Houston, A. D. Hiekmon of Carrigan and Mrs. M. G. Hickman of Beaumont.

Mrs. Edwin Labaj

Miss Stoebner Weds Mr. Labaj

In a candlelight ceremony at 8 p.m. Saturday August 10 in the Temple Brethern Church, Miss Grace Janette Stoebner, daughter of Mr. and Mrs. J. P. Stoebner of Temple, became the bride of Mr. Edwin Labaj of West.

The Rev. John Baletka of Temple officiated at the doublering ceremony.

Forming the background for the ceremony were baskets of pink gladioli flanked by palm trees and candelabra.

The bride was given in marriage by her father. She wore a floor-length formal gown of embroidered organdy designed by the bride and fashioned by her mother.

The bride's elbow-length veil of illusion was held by a crown of pearls and crystals. She carried a bouquet of white orchids and stephanotis.

Mrs. Louis Roach of San Angelo was matron of honor.Miss Carolyn Fuchs of Houston, cousin of the bride, was maid of honor. Bridesmaids were Miss Bernice Jungman of Bishop, and Miss Cecilia Babovec of Elton, La., cousins of the bride, and Miss Jeraldine Labaj of Granger, cousin of the groom.

Attendants were attired in identical street-length dresses of pink embroidered organdy over taffeta.

Janice Stoebner, cousin of the bride, was flower girl and Teddy Maxfield of Temple was ring bearer.

Darwin Labaj of Austin, cousin of the groom, was best man. Milton Labaj of Austin and Marvin Labaj of Temple, cousins of the groom, were groomsmen. Other groomsmen were the Rev. John Bravence, Jr., of Rosenberg, and Wesley Pope of West.

Ushers and candlelighters were Jerry Stalmach of Temple, Carrol Ray Grimm of Thorndale, cousins of the bride; Johnny Junek, and Alvin Simcik of Temple.

Mrs. Bill McGuire of Temple registered the guests for the reception members of the houseparty were Miss Lorene Labaj of Granger Mrs. Gladys Labaj of Austin, Miss Doris Janek and Mrs. Wesley Pope of West, Miss Janice Fuchs and Miss Sandra Jungmann of Bishop, Miss Frances Babovec and Miss Mary Babovec of Elton, La., Miss Ludia Labaj, Miss Lavern Gallman, Miss Evelyn Bohls, Mrs. L. G. Maxfield, Mrs. T. V. Brown, Mrs. Art Myer, Miss Willie Mae Stoebner, Miss Barbara Stoebenr, Mrs. Gladys Junek, Miss Jeanette Labaj, and Mrs. Marvin Labaj, all of Temple.

The bride is a graduate of Buckholts High School and attended Temple Junior College. She is a graduate of Scott and White Memorial Hospital School of Nursing and received her B. S. degree in nursing. She is employed as a insutror in the Scott and White Memorial Hospital School of Nursing.

The bridegroom is a graduate of Granger High School and graduated from Texas Technological college with a B.S. in agricultural education. He is employed by the West Flour Mill, Inc. of West, Texas.

The couple will make their home at 408½ North Main in West, Tex-

Cameron Cardinals Drop Rockdale 12-2

The Cameron Cardinals defeated the Rockdale Lobos 12-2 Sunday. Jim Salazar was the winning pitcher and was caught by Moses Mata.

Rockdale pitcher was Ernest Munoz Jr.

Tony Mendoza had a triple, Pete Ortiz had a double and Arthur Kelly had a couple of hits.

The Cards will meet the Killeen Merchants at Colonial Field Cameron, Sunday at 2:30 p.m.

Mr. and Mrs. Dwayne Jekel and son Robie leave this week for Kearny, Nebraska where he will be vocational agriculture Teacher in the public school. A 1958 graduate of Yoe High and 1963 graduate of Texas A&M, he was vicepersident & 2nd vice president of the A&M FFA Chapter. He is the son of Mr. and Mrs. Frank Jekel, Rt. 4, Cameron. Kearny is a city of 14,000.

Pep Squad Forming

A Ada Henderson, 7th and 8th grade girls, who are interested in joining the Pep Squad, please contact Miss Barbara Macon at OX7 3305, no later than August 17.

Foster, 13, Wins State Golf Meet

A Young Cameronite took the Texas Junior Golf Championship in Flight "G". George Foster, son of Mr. and Mrs. Bob Foster took the title after five days of qualifying and match playing in San Antonio last week.

Foster, 13, is an eighth grade student in Ada Henderson and entered the tournament with Danny Monroe, son of Mr. and Mrs. Dana Monroe and Roy Thompson, son of Mr. and Mrs. Blondie Thompson.

The Thirty-seventh Junior Golf tournament was sponsored by The San Antonio Light and The Texas section of the Professional Golf Association.

612 Boys Enter

Tournament Sam Goldfarb said 612 boys from all over the state of Texas entered the tournament. The host city, San Antonio, had 211 golfers that qualified Friday.

Monday Foster shot a 53 on nine holes and was placed in Flight G. Monroe shot a 48 and was placed in Flight D and Roy Thompson carded an 87 for 18 holes and was placed in the Twenty-first flight.

The entrants went into match play Tuesday. Foster and Monroe both played at Brackenridge Golf Course and Thompson played at the Riverside Golf Tournament.

Thompson tied his opponent, Johnny Bretz of San Antonio at the end of 18 holes and then went into a sudden death playoff with Bretz. Bretz won it one up to remove Thompson from the tournament's championship flights.

George Foster
Texas Jr. Golf Champ

Meanwhile at the Breckenridge golf course Foster took on Joe Brown of San Antonio and George won 4-2 with 7 pars on the nine holes.

And Cameron's other golfer, Danny Monroe, was defeated by Mike Hall of Houston one up in Flight D. The match was played on the Breckenridge Golf Course.

Wins Quarterfinals

Wednesday was the day for the quarterfinals and Foster was paired with Pat Tilton of Jacksonville. He defeated Tilton 2-1 after parring sir holes.

Both Monroe and Thompson entered the colsolation bracket.

Monroe was defeated in the Flight D Consolation by Jim Adams of San Antonio 2 up and Thompson lost in the Twenty-first flight consolation. His loss was to Guy Cullens of Kerrville, 3 and 2.

The simi-finals were held Thursday and Foster was paired with Chris Walker of Luling. Foster dropped a birdie on the 7th hole and won the match play 4-2.

The finals were held Friday and Foster took the title with a 5-4 victory over Don Meza of San Antonio in the nine hole finals. Foster raced to a five-up lead on the first five holes to win the G Flight championship.

Sam Goldfarb, tousnament chairman awarded Foster a trophy at the Brackenridge Park Club House. The golden prize is inscribed "Texas Jr. Golf Championship '63, "G" Flight, S.A. Light Trophy.

Mrs. Gene Marak has just returned home to Jacksonville, Ark. after spending two weeks visiting with her family, Mr. and Mrs. B. L. Varner and relatives in Austin and O'Donnell. Her Husband, AIC Gene Marak, is presently stationed at Little Rick Air Force Base, Arkansas.

Kirk Sets Physicals For 4:30p.m. Fri.

The Cameron Yoemen will take their physical examinations 5:30 p. m. Friday at Yoe Gym according to Head Coach George Kirk.

Kirk stressed that all players would have to have the examinations before they could play football this year and they need to be at this meeting.

He noted that if a boy intends to come out for football he should have the examination Friday as the doctor will be there.

Practice will begin Monday at 8 a.m. and will last to 10 a.m. The 9th graders will start their workouts at 10:30 and go until 11:30 each morning.

The second session will be held at night and the heavier work will take place at this session. Full -i-edged contact work will begin Wednesday, Kirk said.

Kirk expects about 35 boys out for the varsity and about 25 or 30 out for the freshman team.

Kirk, with his assistants, are working each day in the gym as they go over the plans for the coming season and get the equipment ready to be issued Monday.

Press day for the Yoemen will be 9:30 p.m. August 23. Members of the daily press in this area will be at the field to take pictures and do their pre-season kickoff.

The Yoemen were guests of the Cameron Booster Cub at an ice cream party Monday night.

The Yoemen will open the season with Rosebud on Sept. 6 and then will take on Marlin the following Friday. Both games will be road games for the Yoemen.

The Woemen's first game will be with Taylor on Sept. 20.

am and 8th grade schedules. He also said that they will attempt to match more games for the younger squads.

Sapp Named To Leaders Legion

Forrest W. Sapp local repersentative of the Great Southern Life Insurance Company, has been honored by being named to the 1963 Leaders Legion, it was announced from the home office in Houston, Texas, this week.

This organization is composed of those men in the company who produce in excess of $500,000 in the fiscal year between July 1st and June 30th and, in addition, meet other qualifications in number of lives and outstanding services to policyowners and clients.

Dr. and Mrs. James Markham of Iowa City, Iowa visited relatives and friedns in Cameron over the weekend.

Mr. and Mrs. Ernest L. Kahler and 3 daughters, Diann, Shirley and Sheryl, of Huntsville, Alabama, visited his parents, Mr. and Mrs. E. L. Kahler.

Mrs. Leona White is a patient in the Marlin hospital.

Mr. F. G. Blake who was a hospital patient over the week-end has returned to his work.

sports herald

By James Hollas

The time is here! Football workouts will begin Monday and in two short (to the non footballers) weeks school will be started and the first ball game will be played.

The first game will be with Rosebud, an always tough arch-rival of the Yoemen. And this year it may be even more so. At least on the coaching staff. Coach George Kirk and Coach Bobby Bollard are old classmates from TCU. So they will be at each other as hard as possible.

-sh-

Last week sports herald named former Yoemen who are now coaches. And whenever you go back on memory, unless you are a Jinx Tucker, you may make a mistake and leave someone out.

And we did. Billy Joe Michalka is coaching at Denton High School. He is also one of the former Yoemen that came back and handled the Yoemen for a couple of years.

And another thing that was overlooked was the fact that J. R. "Dick" Young also coached everyone of these boys. He holds the record for the most years coached at Yoe High as he was there 15 years and his teams never finished lower than third in district and won the district seven times.

A most colorful figure, Young decided to quit coaching a couple of years also. But it lasted only a year. Now he is assistant at Spring, Texas.

A lot of coaches will use a cigarette to calm their nerves. But Young never did. He would refer to an upcoming ball game as a one-package or two-package game. Sometimes more. And then he would proceed to chew up that much gum in th game. That was along with the sprigs of grass.

There are a lot of athletes, as well as students that will never forget this man.

-sh-

Cameron's young golfers have come into their own this year. Interest was stirred to a high pitch with the first Jr. Golf tournament in Cameron. It drew over 60 boys and was a big success.

Then Young George Foster, with a couple of schoolmates, Roy Thompson and Danny Monore, went to the state tournament and came back with the trophy.

It is a good thing to see these boys working together and getting out and take part in sports in the summer.

And in a few years these boys will be in high school and will be on the high school teams both golf and the other sports.

-sh-

The Yoemen will be playing a very rough schedule this year and you can bet that they will need everyone's support.

In a few weeks the season ticket drive will begin. And a membership drive for the Cameron Booster Club will begin even sooner. There is even talk about starting a band booster club, a group which is truly needed in Cameron.

We urge you to get out and support these organizations. It will make Yoe High a better school.

"Tell her! it's the springs not a mouse squeak!"

Mrs. Anton V. Mayer

Bryan Ceremonies Unites Couple

Following a wedding trip to New Mexico Mr. and Mrs. Anton V. Mayer will make their home in Austin. They were married August 4 at St. Anthony's Catholic Church, Bryan.

Daughter of Mr. and Mrs. Frank Stratta of 1505 Victory, Bryan, the bride is the former Miss Angelina Stratta. Parents of the groom are Mr. and Mrs. V. J. Mayer of Cameron.

The candle-lit church was decorated with sprays of white gladioli. The Rev. Harry Bilski conducted the double ring ceremony.

The bride, given in marriage by her father, wore a gown of white satin and lace featuring a scalloped neckline outlined by lace appliques. The formal skirt of unpressed pleats extended into a chapel train and added interest was given by a flat bow in the back. Lace appliques enhanced the front of the skirt.

Her veil of illusion was held by a pillbox of white satin and she carried a bouquet centered with a white Cymbidium orchid.

Miss Angelina Polasota attended the bride as maid of honor and metron of honor was Mrs. Ross Todaro, both are cousins of the bride.

Bridesmaids were Misses Irene Mayer of Cameron and Dorothy Mayer of Austin, sisters of the groom, Josephine Stratta, sister of the bride, Nancy Warren of Houston, Mrs. Anton C. Luza, Angela Stratta and Diana Stratta, cousins of the bride.

Joe Frank Stratta, brother of the bride, was best man. Groomsmen were Pete M. Catalina James Paveelek, Joe Mayer of Cameron, cousins of the groom, Philip Stratta and Samuel H. Musia of Highbank, coosin of the bride and Anton C. Luza.

Ushers were Carlo Lister, Ross Todaro, Charles Stratta and Bernard Pevonka of Austin.

Carol Ann Lister was flower girl and ring bearer was Samuel Ponzio. Alter boys were Johnny Gullo and Billy Cangelose.

The brides attendants wore floor length gowns of aqua organza over taffeta with matching accessories. They each carried a single bronza mum bouquet.

A reception was held at the Fellowship Hall followed by a dinner and dance.

The groom is a graduate of Yoe High School and attended Temple Junior College. He is now employed by Safeway Food Stores Inc., in Austin. His bride is a graduate of Stephen F. Austin High School and attended the University of Texas.

Mrs. R. K. Fontaine and daughter Karen spent several days this week in Silsbee, visiting Mr. and Mrs. W. A. Fontaine and sons, Billy, Jerry and David.

Mrs. J. A. Jamison and daughters, Miss Louise Jamison and Mrs. Bailey Jones of Rosebud are visiting relatives in Abernathy, this week-end.

Mrs. Keith Allen Tune

Miss Nicholson Weds Keith Tune

Miss Joyce Nicholson, daughter of Mrs. Bert Nicholson and the late Bert Nicholson, became the bride of Keith Allen Tune, son of Mrs. Frances Tune, of Richardson, Friday at six o'clock at the First Christian Church Rev. Kenneth Haley performed the double ring ceremony. Mrs. Gordon Baskin was organist.

The church was decorated with a background of emerald leaf trees and palms, golden candlelabra, with gold twisted tapers, flanked by tall containers of golden bronze chrysanthemums, the gold being the bride's chosen color.

The bride wore a street length sheath dress of candlelight champagne satin brocade with matching coat enhanced with sleeves embossed with pearls, with a small hat and matching veil. She carried a nosegay of talisman roses. For something "old" she wore her maternal grandmother's pearls.

The bride's mother chose a navy dress with matching hat and wore a bronze mum corsage.

Following the ceremony the couple was honored with a reception at the home of the bride's godmother, Mrs. Annie Longmire. The bridal table was covered with a white handmade cloth and the three tiered wedding cake was served by Mrs. R. A. Townley. Mrs. David Wade presided at the punch bowl. Both are aunts of the bride. Miss Linda Townley, cousin of the bride, registered the guests at a table were a Swiss music box bride doll played the wedding march. All table appointments were of crystal and silver. The bouffet held a cherub ornament holding tiny white carnations and cathedral candles.

Out of town guests were: Mrs. Lorene Blanton, Mr. and Mrs. R. A. Townley, Sgt. and Mrs. James Helvey of Waco; Miss Linda Townley of TCU. Mr. and Mrs. Danny Owen and little son of Ft. Worth; Mr. and Mrs. David Wade and son, Douglas, of Dallas, and Allen McClure of Richardson.

The bride graduated from Yoe-High and received her BFA degree from TCU. She was a member of Alpha Psi Omega and was listed for two years in Who's Who of American Universities. She is well known to Dallas theatre-goers for her appearances at Theatre Three, Inc.

Mr. Tune graduated from Richardson High and is a phychology major at North Texas and at present is an actuary at the Great Southern Life Insurance Company in Dallas.

After a short honeymoon Mr. and Mrs. Tune will make their home in Irving where Mrs. Tune will be teaching in the public schools this fall.

St. Anthony School To Open Sept. 3

The Rev. John Geiser announced that St. Anthony School will start classes Tuesday September 3 with approximately 180 students.

Teachers will be Sisters Mary Relindis, Superior, Mary Euphronia, Mariam Joseph, Mrs. Jerome Darliek, Miss Mary Randolph, and Mrs. R. G. McLeod. Herman Bayer will be the bus driver.

He also announced that new folding doors have been added on all the doors in the classrooms.

F. J. Braden Dies In Local Hospital; Longtime Resident

Funeral services will be held at the Marek-Burns Funeral Home at 10 a.m. Thursday for F. J. Braden, a long time resident of Cameron.

Braden died in a local hospital at 1:15 a.m. Wednesday. He was born Feb. 2, 1880 in Mentze, Texas but lived most of his life in Milam County.

He was a retired farmer and lived in the Burlington Community until he moved to Cameron.

The Rev. C. A. West will officate at the services and burial will be in the Burlington Cemetery.

Survivors include his wife, Mrs. Hattie Braden of Cameron; Three daughters, Mrs. Florence B. Chitwood of Kissimmee, Fla., Mrs. Hattie May Wood of San Antonio and Mrs. Mary Helen Tally of San Antonio; one sister, Otilda Reynolds of Cameron and four grandchildren and two great-grandchildren.

Green Announces 11 Win Red Cross Livesaving Badges

Ray Green, Cameron Swimming Pool manager, announced that the cards and badges for the swimmers who completed the Red Cross Lifesaving course could be picked up at the pool.

Green said that Mike Perrin, Lawrence Laffere, Craig Wallace, Merlin Lester, Larry Paul Manley, Josie Jackson, Siddy Perrin, Jo Ann Anderson and Donna Dubois completer their Senior Lifesaving Course.

Completing the Junor course were Danny Matula and Johnny Fuller.

Mrs. Hervert Thweatt and son Stevie are visiting Mr. and Mrs. Elmer Floyd and Mrs. Ralph Massengale in Freeport.

Mr. and Mrs. Elbert Hollingsworth were in Marlin Saturday where he received medical treatment.

Mr. Forrest Smith of Cameron visited in the H. H. Hartsfield home recently.

Card of Thanks

I wish to thank the Cameron Volunteer Fire Department, LaVert McKinney and all the friends and neighbors of our community who helped save our home and buildings when they were threatened by fire. Your hard work is sincerely appreciated.

Mrs. Ethel McKinney

HAVE A PARTY - Very low rates. Cameron Swimming Pool OX7-9209. 21-1tc

A/1c and Mrs. James Curtiss Pugh

Theresa Koranek, Pugh Vows Read

The St. Monica's Catholic Church was the setting for an afternoon wedding ceremony, Saturday August 3 at 2 p.m. uniting Miss Theresa Ann Koranek and A-1C James Curtiss Pigh of Taylor in marriage.

The bride is the daughter of Mr. and Mrs. Jimmie F. Koranek of Cameron and the groom is the son of Mr. and Mrs. Bill Pugh of Taylor.

Traditional nuptial music was provided by Miss Karen Adams of Cameron.

The Rev. Father John Gieser read the double ring wedding vows that were exchanged while surrounded by baskets of white gladiolia.

Given in marriage by her father, the bride wore a floor length gown of chantilly lace and tulle net fashioned with a molded lace bodice and a full two tiered lace tulle skirt over net and taffeta. Dew drop pearls and sequins accented the scalloped neckline. It featured long fitted tulle sleeves which tapered to a petal point over her hands.

Her only jewelry was a silver necklace with a blue cut stone.

Her veil was tulle bordered with lace acented with a crown of pearls and sequins and fell into an elbow length veil of illusion.

She carried a yellow throated, white Cattlya orchid mounted on a white prayer book, entwined with satin bows and Lilly of the Valley streamers.

Miss Connie Gerick, cousin of the bride, was maid of honor. She wore a yellow embroidered jersey dress with yellow accessories and carried a bouquet of white carnations with yellow streamers.

Miss Janet Sofarek of Thrall was bridesmaid. She wore a blue chiffon dress with white acessories and carried a bouquet of white carnations with blue streamers.

Dalton Pugh of Taylor served his brother as best man. Groomsman was Mike Koranek, brother of the bride.

Mother of the bride wore a tan linin sheath with beige accessories and white carnation corsage.

The mother of the bridegroom wore a royal blue knit sheath with black accessories and white carnation corsage.

Following the wedding a reception was held at Simmon George Hall, Miss Pat Titsworth registered the guests in the brides book at a linin covered table centered with a cut glass vase filled with English Ivy and pink Sweetpeas.

The bride and her attendents plalace tablecloth over white was ie-Ivy and pink roses. The table held the three tiered wedding cake topped with a miniature bride and groom. Crystal and silver appointments were used.

The oride and her attendents placed their bouquets at various points on the table. Basket arragnements of gladiolas enhanced the serving table.

The members of the houseparty were Charolotte Harper, Josephine Wholeb, Pat Titsworth, Virginia Reichart all of Cameron and Berry Jean Shiller of Temple.

Mrs. Joe Zarosky Sr., Serphin Wohleb and Albert Gerick assisted with the houseparty.

After a short wedding trip to South Texas, the couple will make their home at March Airforce Base in Calif., where the groom is sta-

Miss Kestenbaum

Parties Continue For Bride-To-Be

Parties this week honoring Miss Betty Kestenbaum, bride-elect of Mr. Mark Perrin, have included a Linen shower, buffet supper, ice cream party and punch party.

Linen Shower

Mrs. Gus Evans Jr. was hostess for a linen shower Friday morning at her home where a color scheme of pink and white was carried out. flowers was placed beside A pink net basket filled with white brides book and a minature white net umbrella decorated with pink streamers was on the buffet.

The serving table was centered with an arrangement of pink and white mums. Fresh fruit, filled biscuits and party size donuts were served. Mrs. John A. Smith presided at the silver coffee service.

Special guests included grandmothers of the honored couple, Mrs. E. A. Perrin, Mrs. J. A. Walschak, Mrs. Leland Green Sr., Mrs. Sam Kestenbaum; their mothers, Mrs. Frank Perrin and Mrs. Dana Kestenbaum; and the honorees aunt, Mrs. Louis Hausman of Brenham.

The hostess was assisted by Miss Margaret Kestenbaum, Debra and Inez Evans.

Buffet Supper

Mrs. O. B. Harden and Miss Becky Harden entertained Saturday evening at their home with a buffet supper honoring Miss Kestenbaum. The 21 guests included Mrs. Dana Kestenbaum, Mrs. Frank Perrin, and Ms. John Lane Baskin of Dallas, and classmates of the honoree.

An arrangement of blue and white fresh flowers centered the serving table flanked by white candles in silver holders. Table appointments were of silver.

The hostesses presented Miss Kestenbaum with a corsage of blue carnations.

Ice Cream Party

Sunday afternoon Mrs. Ray Lester and Mrs. James Lester were hostesses for an ice cream party at the Ray Lester home.

Arrangements of fresh flowers in pink and white were placed throughout the house and strawberry ice cream and cake were served informally in the dinning area.

Guests including the couples Grand mothers, mothers, Mrs. Hausman and classmates of the honoree, made rice bags of pink net and ribbons.

Punch Party

About 70 guests attended a punch party Tuesday afternoon at the home of Mrs. W. L. McIntosh, Jr. from 4 to 6. Hostesses were Mrs. McIntosh and Mrs. Henry M. Rieley.

Appointments of silver and crystal on the serving table held tea sandwiches and cookies. The table was centered with an arrangement of white mums with pale green grapes. Lime punch was served from a silver punch bowl by Misses Siddy and Marilyn Perrin, Margaret and Kitty Kestenbaum and Ann Baskin.

Arrangements of fresh flowers were placed throughout the home.

Challenge Of Agriculture . . .

The challenge of tomorrow's agriculture needs, posed by feature materials in last week's Herald farm supplement, has sparked enthusiastic comment.

People recognize more the possibility of making ag production greater in this area and less the problems of making the transition.

Farmers who have already adapted to the most modern procedures find the results conclusive in financial return. And there is great satisfaction in producing more in the demands of less acreage in some crops.

Agriculture is having its real problems, for instance, in the concern over what impact the European Common Market will have on U.S. agriculture exports.

But what must be concluded is that ions of the country and those countries ions of the country and those cuontries able to produce in major competition will be the winner in meeting a fantastic global population surge.

The pressures of business competition have extended to the farm, but like the successful business, a well run farm operation can return its operators much reward in income and satisfaction.

Like so many other things, there is little middle ground left. The farm is either a success or the other kind.

Agriculture continues to hold great promise if these tests are accepted and met.

With Lower Taxes . . . .

Lower taxes next year?

It seems as though we are going to see something over $10.5 billion in tax reductions next year. And no one is opposing the idea (how could they?) unless it coincides with additional increases in federal spending.

It would mean, if present proposals are enacted, that tax brackets would be 14 per cent to 70 per cent rather than 20 to 91 per cent. There would also be a 4 per cent reduction to 48 per cent in corporate taxes. Both would be staged into effect in 1964 and 1965.

For our money, a tax reduction makes valuable sense. It should spur reinvestment in this country when investment capital steadily leaves for other hinterlands of the globe. It should mean greater competitive spirit for industry and agriculture which are locking in complex battle with the flourishing economies of Europe.

If the Administration, however, finds need for increased spending, reduced taxes would heighten the cost of government and its deficit. Economists predicating their theory of more tax revenue from lower taxes have yet to find the experience quotient to prove their point.

It might mean a spending splurge to shrivel previous U. S. consumer spending by comparison. We hope, within the bounds of solvency, so.

Out Of The Past

From Herald Files

FROM THE 1901 HERALD

"St. Anthony's School, under the care of the Sisters of Divine Providence will re-open on September 2. The new building with all modern equipment affords the very best accommodation for pupils of all ages. Besides the common school branches, German, Bohemian, plain and fancy needlework will be taugnt."

"The City Council met with Mayor J. M. Ralston, O. L. Kidd, city attorney, C. P. Beaty, city seiretary, J. M. Hooks, iity assessor and collector, R. Y. Steadman, city marshal, C. H. Ruby, street commissioner, C. C. Maltman, reporter S. G. Boyles, S. B. Ford and J. T. Westmoreland."

"A new tin roof was put on the building occupied by C. N. Green and Bro. last week. We hope to soon see the entire public square surrounded by substantial brick buildings."

FROM THE 1938 HERALD

Rev. George Apel, pastor of St. Monica Catholic Church celebrates 50 years in ministry.

New Knights of Columbus: John C. Andres, Grand Knight; Emil Boedeker, deputy, Grand Knight Joe Geiser, Chancelor; Fred Jackson, Recorder; W. J. Parma, Financial Secretary; J. L. Marak, Treasurer; Rudolph Richter, Lecturer Ray O'Neill, Advocate; Frank Piachy, Warden, August Helpert, Inner Guard; Ben Fuchs, Outer Guard; August Kunz, Loe Hollas and Pete Mukula, Trustees.

Mrs. Hugh Horstmann of Buckholts was elected treasurer of the senior class at Texas Tech summer school. She was the former Lina Turner.

The U. S. exports of all types of cotton totaled 2,926,000 running bales from August 1962 to May 1963, compared with 4,024,000 bale shipped in the same ten months a year earlier.

RIDING THE CREST

Dateline Austin—

Juvenile Parole Staff To Triple

By Vern Sanford
Texas Press Association

AUSTIN, Texas, - Texas Council's parole division will triple in the next six months or so. But the problem of trying to help "reform school" graduates become useful citizens is still great.

Until September 1, five state parole officers are responsible for some 1,800 juvenile paroles spread out over 169 counties. That's a ratio of one parole officer to about 357 paroles, compared to national standards of one officer to 40 parolee.

Staff will increase on Septmeber 1 - a ratio of one to 178. On March 1, 1964, when five more are added ratio will be down to one parole officer to 119 parolees, spread over the Lone Star State.

Biggest number of parolees is centered in big cities where the general rate of crime is always higher. More than a third of the paroled children are in Dallas, Harris and Bexar counties; another 288 in El Paso, Jefferson, Tarrant and Travis counties.

About 154 are in Nueces, McLennan, Bell and Lubbock counties.

But sizeable juvenile parole populations are centered in smaller counties, such as Cameron, Grayeston, Brazoria, Ector, Galveston Gregg, Hale, Hidalgo, Howard, Hunt, Midland, Navarro, Potter, San Patricio, Smith, Taylor, Wichita and Williamson.

Some counties only have one paroled child. But the state is responsible for every one it has "retrained."

FIRST AID

State Regulatory Loan Commissioner Frank Miskell appointed Robert C. Duke, Houston attorney, as Deputy Commissioner and General council of the new state agency.

Duke formerly served as acting Securities Commissioner in the Secretary of State's Securities division.

Regulatory bill takes effect on August 23. Some 2,000 loan companies operating in Texas will have to file for state licenses at that time.

INSURANCE HEARING

State Insurance Board hearing on proposed rules for regulating credit insurance - which pays off a man's debt if he dies, or makes the payments when is disabled - drew a big crowd.

One controversial point was a ceiling rate of 90 cents per $100 of insurance.

Some insurance company executives insisted the ceiling should be no more than 60, or 65 cents per $100. But one spokesman thought the 90-cent per $100 rate was too low and recommended $1.

Some loan companies said they now gave credit insurance free. They feared the proposal rules might outlaw this practice.

A second hearing with new proposed rules will be aired on September 10.

MONEY MEN

The Legislative Budget Board, lawmakers who make the Legislature's finanilal disision between sessions, recommended $4,644,000 worth of state building to Gov. John Connally.

Plans approved included one by the State Hospitals Board to equip a genetics lab and follow-up clinic on mental retardation in the State Pyschiatric Institute at Houston; new dormitories for Gatesville School for Boys, Gainesville School for Girls and Crockett School for Negro Girls; and several prison system units.

Authorization was recommended for $25,000 worth of partitioning to provide 23 new offices in Atty. Gen. Waggoner Carr's department.

But the board balked at Texas A&M University' request to spend some $100,000 on a home - exclusive of land and furnishings - for A&M President Earl Rudder, to replace the one destroyed by fire.

A compromise recommendation of about $60,000 for a 4,500 square-foot home was the outcome.

CITIES GROWTH FORMULA

About 200 city attorneys, city engineers and city councilmen gathered in Austin to hear a Texas Municipal League explanation of the Texas Municipal Annexation Act, which will become effective on August 23.

Annexation act sets out "extraterritorian jurisdiitions" dictatingthe extent of a city's growth in any three-year period. For cities of less than 5,000 popluation, the extraterritorial area extends a half mile beyond city limits; cities 5,000 to 25,000, one mile; cities 25,000 to 50,000, two miles; cities 50,000, to 100,000, three and a half mile, and cities 10,000 and up, five miles.

But a city would not have to expand all the way around its rim. It could swing arcs or "fingers" out to "Desirable areas for growth," and obtain the annual area allocation of 10 per cent of its square acreage in these areas.

For example, officials of a city of 20,000 acres could annex up to 2,000 acres of "desirable" land one year; 2,200 acres the next, ect., without ever annexing undesirable new territory.

SCHOOL LAND BOARD

Land Commissioner Jerry Sadler, Governor Connally and Atty. Gen. Waggoner Carr, members of the State School Land Board, make and revise leases on public school lands, including river beds, bays and inlets of the Gulf of Mexico.

Attorney General requested that he be removed from the land board. After August 23 he will be replaced by a private citizen of his choosing.

Before Carr leaves the board he will sign the deed which conveys state-owned land on Padre Island to the federal government for a national seashore.

OLD PHILOSOPHER

Sage Willing To Take On Rain - Making Job If Territory Open

Dear Editar:

According to an article I ran across in a newspaper which a dry August wind blew across my front screen door and which I pulled off as fast as I could because it was stopping what breeze there was, a scientist claims that rainmaking is now within the reach of man but before he goes any further we've got to have a sort of Rain Commission to decide where and when a rain should be produced for legal protection.

Regardless of how dry it is in any given spot, he said, some farmer can always be found who doesn't want it to rain at this particular moment, he's still got a crop he's gathering and next week would be a better time.

Therefore, he claims, we need a National Rain Commission to decide when the majority need a rain, then turn it on, regardless.

This seems to me to be just another example of needless government spending. There's no need to set up a government bureau. I can handle this job on my own. It's a job for private enterprise.

If the government will stick to drought relief and turn all the rain over to me, and let me make a nomimal charge I will contract to make it rain everywhere. The secret is to take in enough area. It's volume that counts.

My charge would be one cent per acre for every acre that gets as much as one inch, and where's the farmer needing a rain who wouldn't pay a penny an acre for an inch?

I might not be able to please everybody, even a President can't do that, but I doubt if a week would go by when I didn't produce rain somewhere in the United States. Oh I konw there'd be some soreheads in drought areas complaining I was neglecting them, but sooner or later in any area where it has rained before, I could make it rain again. This is a big country and no man could be expected to get around to everybody every week. It's like tax relief, it takes time.

Yours faithfully

J. A.

Two Cameron Girls Tour Mexico

Josey Jackson and Nelda Bruce Parker will be among 27 other Presbyterian youth of Texas who, along with 8 adult leaders, will represent the Central Texas Presbytery of the Presbyterian Church on a 13 day tour of Mexico, our nearest neighbor and our nearest Mission field.

Departeing from Waco, on the morning of August 12, they will stop at Kingsville, Monterrey, and San Suis Potosi, arriving in Mexico City where they will have fellowship with Presbyterian young people and visit National Presbyterian Churches. From there they will go to Morelia and after a night there they begin the journey back to Waco where they will arrive August 24.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1963.

SENATE JOINT RESOLUTION NO. 1 proposing an amendment to Sections 2 and 4 of Article VI of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 2 and 4 of Article VI of the Constitution of the State of Texas be amended to read, respectively, as follows:

"Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one years and who shall be a citizen of the United States and who shall have resided in this state one year next preceding an election and the last six months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided that any member of the Armed Forces of the United States or component branches thereof, or in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces; and provided further, that before offering to vote at an election a voter shall have registered if required by law to do so. The Legislature may authorize absentee voting. This Amendment shall take effect on December 1, 1963.

"Section 4. In all elections by the people the vote shall be by secret ballot. The Legislature shall provide for the numbering of ballots and make such other regulations as may be necessary to detect and punish fraud and preserve the purity of elections, and may provide by law for the registration of all voters. Should the Legislature enact a registration law in anticipation of the adoption of this Amendment, such law shall not be invalid by reason of its anticipatory character."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"FOR the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters."

"AGAINST the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters."

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

In Fort Worth for the convention in addition to Mr. Fuchs are Mrs. Leo Fuchs, Mr. and Mrs. Alton Fuchs and children and Mr. and Mrs. Monroe Fuchs and Gary.

PUBLIC NOTICE

Proposed
CONSTITUTIONAL AMENDMENT
NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1963.

SENATE JOINT RESOLUTION NO. 16 proposing an amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Three Hundred Fifty Million Dollars ($350,000,000.00); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advise and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Three Hundred Fifty Million Dollars ($350,000,000.00) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars ($200,000,000.00) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half percent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such bonds, all of such moneys then remaining or thereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided herein.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $150,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law"; and

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $150,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.

Outdoors In Texas

There are a few well known axioms. Like, for example, "every cloud has a silver lining," and "for every bad there must be some good."

A couple of years ago Hurricane Carla swept across the Texas Coast, with a terrifric rainstorm in its wake. Thousands of acres of lowlands were inundated. All small game, including the bob-quail, perished.

Next morning Tom Waddell, retired game warden from Eagle Lake, went out in a boat almost from his very back door to the Gulf of Mexico. He reported seeing only a few birds on the hummocks that hadn't quite been covered with water.

Later on Game Department biologists and sportsmen verified that thousands of quail had been destroyed. Despite all the planting of multiflora roses - and other cover plans - the birds had been wiped out.

Opponents of the stateowned quail hatchery at Tyler, including some biologists who work for the state, thought it was bad investment. But that quail hatchery during the past several months has poured some 21,000 quail back into the Coastal area. Barring another disaster there will be a great comeback of the wonderful bobs next year.

Matagorda County, one of the heaviest hit by the hurricane, received the bulk of these transplanted quail, with a total of 4,870.

Calhoun County got 4,431 and Brazoria County received 4,027. Remainder went to Orange, Jefferson, Galveston, and Aransas Counties. Birds were distributed from April through September, with the heaviest planting in May.

Just to release these birds in the wilds probably wouldn't have done the job. Fortunately the landowners and the sportsmen's groups, with the help of game personnel, saw to it that the birds were properly provided for. Shelter, cover and feed were made available. The bobs were given every change to make a comeback in a land that had been swept bare of their species.

There will be some shooting in the area this year. Generally, however, landowners will keep their places closed in an effort to give the quail a good start. Hunters who do take birds are requested to turn bands over to game wardens. This is so that a careful check can be made both of the new hatch and the bird migration.

Quail, especially the bob, is a wonderful upland bird. In many states it is considered a song bird and is one the prohibited list.

Biologists long have considered this an unsound policy because of the heavy die-off and predation during the winter months. They contend that only about 20 per cnet of the birds carry over from one year to the next.

In other words, if the hunter doesn't get them, something else will. And the quail is one of the finest eating bird species in the world.

So from the devastation of Carla may come not only the restoration of quail in that stricken area, but perhaps the salvation of the entire quail hatchery program.

Hatchery Production Of Fish Is Up To Par Again This Year

The Supervisor Inland Fisheries, reports that hatchery production for this year is up to standard and plans for deliveries of fingerling fish are fast becoming a reality. He also advises that the time for receiving applications for fish from this year crop has passed.

However he hastily advises that those who apply for fish on the required card after the first two weeks of August should not be disappointed because their application will be held in the Regional Office and processed as soon as operations are activited in the 1964 season.

Fish cards may be obtained at the Game and Fish Commission of fices.

People who have requistioned fish will receive cards notifying them of the time and place for the delivery of their fish. If your lake or pond is not ready to receive these fish due to a shortage of water, you are asked to please notify the sender of the card as soon as possible.

If there is time to write him a note, if not call him by telephone. This would prevent the hatchery men from hauling fish which are not needed all over the country.

Also, it is advisable for you to meet the hatchery men at the time and place designated on the card, because the hatchery men have a rather rigid schedule which they maintain. A short day at one place would disrupt the time schedule and would inconvenience many people.

It is the desire of the Game and Fish Department for you to have the fish needed, however, it is also their desire that the fish not be wasted.

Local Shooters Win Honors In Camp And National Meets

Cameron Pistol shooters fared well in matches this past week.

At the National Pistol Matches in Camp Perry, Ohio, William Polster, local school teacher, placed fifth in the .22 cal. pistol rapid fire and then placed seventh in the 50 yeards .45 cal. pistol firing.

There are 9 places given in each event. Polster competed against 97 Reserve and National Guard shooters in the national meet.

He told The Herald there were over 2700 shooters at the meet which is a meet record.

And the local National Guard unit was well represented at the 49th Armored Division Pistol marches. The 3rd Battillion, of which they are a part won the Division trophy.

Sp5 Harlan Mees picked up a third place in the shooting and came home with a third place trophy plus a Col. J. F. B. Lyons Award which was given to the top three on the Division pistol team.

Sp4 Eugene Schiller, local guardsman, now living in Temple placed 4th high in the matches.

Capt. Eugene Mees, formally of Cameron and now with the Guard at Temple was also on the team.

All of the Guard's shooting was with .45 caliber pistols.

Y'all Come

Come on out and use my 2,123 acre East Texas Ranch just anytime you want to, pardner.

Yep, its just six miles south of Huntsville in Walker County.

Lots of people camp out here and use my picnic grounds. There's more'n enough room for all. Got a lunch counter, bait house for you fishermen, swimmin hole, playground equipment and a nice dance terrace where you can kick up yer heels too.

To tell the truth, it's neally just as much your ranch as it is mine. Ya see, it's just another one of them wonderful Texas Parks that we all can use just anytime we like.

This one's known as Huntsville State Park.

There are still plenty of hot days left this summer. Are Are you going to sweat thru those days? No need to.... Just drop by Hudson's and look at a

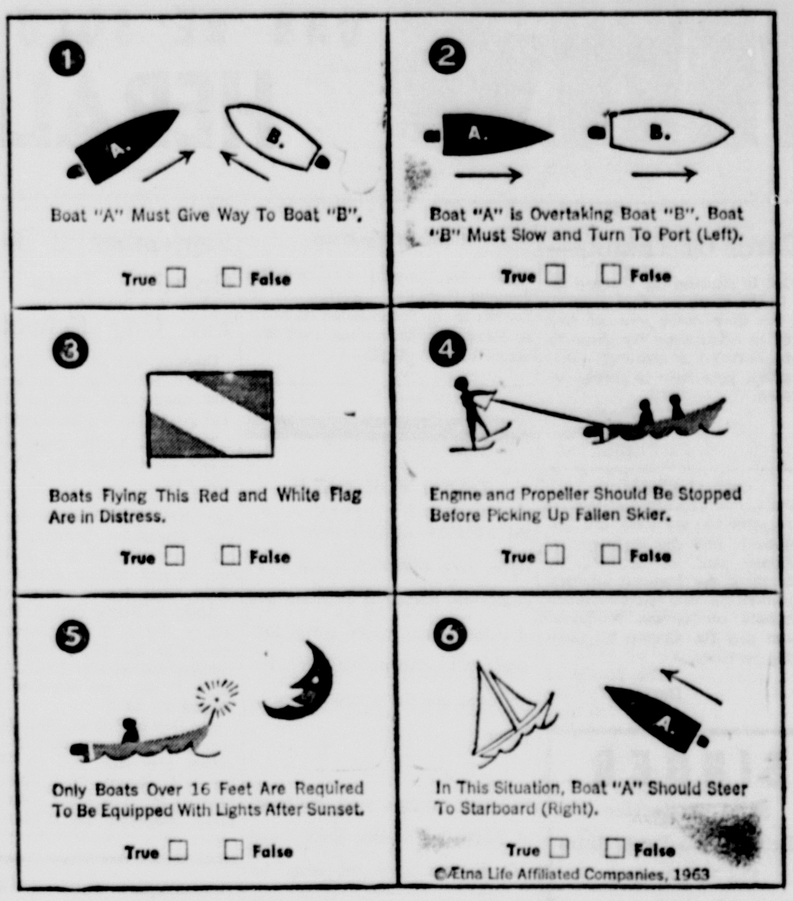
"SAFETY AHOY" TEST



1
A.
B.
Boat "A" Must Give Way To Boat "B".
True ☐ ☐ False
2
A.
B.
Boat "A" is Overtaking Boat "B". Boat "B" Must Slow and Turn To Port (Left).
True ☐ ☐ False
3
Boats Flying This Red and White Flag Are in Distress.
True ☐ ☐ False
4
Engine and Propeller Should Be Stopped Before Picking Up Fallen Skier.
True ☐ ☐ False
5
Only Boats Over 16 Feet Are Required To Be Equipped With Lights After Sunset.
True ☐ ☐ False
6
A.
In This Situation, Boat "A" Should Steer To Starboard (Right).
True ☐ ☐ False
©Ætna Life Affiliated Companies, 1963

SAFETY DRILL — Even one wrong answer to this boating quiz and safety specialists advise a full safety review before your next cruise. Check your nautical know-how with the following answers: 1. True. (When two boats approach at an angle and there is danger of collision, the boat to port must give way to the boat to starboard.) 2. False. (When overtaking another boat the right of way belongs to the boat being overtaken. If your boat is being passed, maintain the same course and speed) 3.False (This is 'diver down' flag and indicates a diver in the immediate area. Stay well clear.) 4. True. (Engine and propeller should be completely stopped.) 5. False. All boats must have proper lighting when under way between sunset and sunrise.) 6. False. (The sailboat has the right of way. Therefore, boat "A" should steer to port.)

FHA Boosting Area BIG Program In Review By State Director

"The Operation BIG Program has the full support of the Farmers Home Administration," was the statement fade by L. J. Cappleman, state dierctor of the FHA, at a recent meeting.

"The Farmers Home Administration ihs out over $50,000,000 in loans to farmers in the 51 counties that make up the Operation BIG area. During fiscal 1963 the FHA has made over 3,000 loans to farmers in this area for a total of over $15,000,000," he said.

"For instance," Cappleman said, "about 950 farmers who use FHA credit are growing about 100,000 acres in cotton. About 82,000 acres will be fertilized and 99,500 acres will be protected by the insect control program advocated by FHA. They have borrowed $427,000 for fertilizer and $610,000 for insecticides. About 630 of these farmers are growing 32,000 acres of grain sorghum, needing $161,000 for fertilizer. In order for 440 farmers to grow 14,000 acres of wheat, FHA loaned them $67,000 for fertilizer. Over 900 farmers wanted to improve 26,000 acres of old pasture and plant 10,000 acres in coastal bermuda grass so FHA loaned them $205,000 for fertilizer.

"Beef cattle is a growing farm enterprize in the Operation BIG area and 1,254 farmers with herds of 10 head or over already have 35,000 head. FHA has loaned some 540 farmers $1,552,000 to buy 9,500 head of cows and 326 improved beef bulls."

Cappleman, in commenting on dairying in the 51 counties, said, "FHA is helping 371 dairymen with an average herd of 50 cows. The 1962 average production of these herds was 8,036 pounds of milk per cow." The 1962 estimated Texas state average milk production was 5,610 pounds per cow and this was the highest annual Texas state average of record.

The FHA makes several different type loans such as Farm Ownership, Rural Housing, etc, where the payments are distributed over a period of years; and Cappleman said, "The balance owed FHA on loans in the BIG area as of December 1962 was about $35,000,000. In addition to the above, the FHA has loaned in 1963 $1,740,000 to 107 farmers to either buy a family farm or enlarge their present small farm. Also 290 persons borrowed $2,812,000 to build rural homes under the Rural Housing Program.

"Water Distribution Loans are making it possible for over 3,200 users to have good water," he said, "as there are 34 of these associations operating in this area and the FHA has loaned them $3,649,000 so they could get water. The associates have to meet the standards of the Texas Public Health Department."

Births

To Mr. and Mrs. Clyde Luetge of Rockdale, a boy, James Edward, 9 pounds 6 ounces, born August 6 at 10:11 a.m. at St. Edward Hospital.

To Mr. and Mrs. Robert Vasek of Rockdale, a girl, Roberta Rose, 8 pounds 5 ounces, born 4:30 a.m. August 7 at St. Edward.

To Mr. and Mrs. Michael Flores of Cameron, a girl, Hope, 6 pounds 9 ounces, born 2:55 a.m.August 12 at St. Edward.

To Mr. and Mrs. Clement Tomek of Cameron, a boy, Melvin Lewis, 8 pounds 4 ounces, born 2:20 a.m. August 13 at St. Edward.

Patients at St. Edwards Hospital are Mrs. Leslie H. Borgan, Mr. Bigbee, Mr. Alvin Lee Dodd, Mrs. Libby A. Jekel, Mr. Herbert Lansing, Mr. John C. Coma, Miss Matilda A. Kohler, Mrs. Robert Leech, Mrs. Mary K. Michalka, Mr. August Michalka, Mrs. Myrtle Mc Lane, Mrs. Mary Josephine Neeley, Mrs. Will Osborne, Mr. George Tartee, Mrs. Flora Pfannsteil, Mr. Roy Francis Seaton Mr. Jessie Smith, Mrs. A. B. Schulz, Mr. C. H. Tabb, Mrs. Clem Tomek, Finis Thweatt, Mr. C. D. Vongonten, Mrs. Kenneth Watters, Mrs. R. L. Williams, Mrs. Annie V. Wilson, Mrs. Dahlia Woods, Mrs. George E. Yoakum.

FHA Announces New Committeemen For 3-Year Terms

Two new Farmers Home Administration committeemen have been appointed to serve a three-year term. Those appointed are William J. Crenan to serve on the Milam County Committee and Rudolph W. Loehr to serve on the Burleson County Committee.

Both men were serving the unexpired terms of John Batte and Robert A. Jister at the time of their appointment.

William J. Crenan, well known rancer and farmer of the Burlington area, is well qualified by experience and knowledge of good farm management to serve Milam County as a Farmers Home Administration committeeman.

Rudolph W. Loehr, well known in Burleson County, having been engaged in farming in that area for some time, has the experience required to qualify him as an excellent committeeman. Loehr follows good farm management in his own operation and is in a position to recognize and encourage good farm practices.

Each county committee is composed of a total of three members. The other committeemen on the Milam County Committee are Anton Moraw of Rt. 1, Cameron and Pete A. Keen of Rt. 1, Tanglewood.

In Burleson County, the committee is composed of Jasper D. Watson of Rt. 1, Caldwell and Frank J. Fojt of Snook in addition to Loehr.

Living in Borger

Your life will be safe when you visit Borger, Texas. But there was a time when this Panhandle town was as notorious as the gun slingers who walked its streets.

They used to say that you hadn't really lived until you spent a night in the oil town of Borger. Yet many who tried - didn't.

This colorful city still attracts many visitors each year. But the climate is much healthier now.

Personal

Mr. and Mrs. Chalmers Terry of Caldwell accompanied by Charles Terry of Cameron left Tuesday for Sacramento Calif., where they will visit Chalmers Terry's sons, Terry Terry and Stanley Terry.

Dr. and Mrs. C. G. Swift have been vacationing in Denver, Colo.

Mr. and Mrs. Jim Ruzicka and Mr. N. Wilson have returned to Altus Oklahoma following a visit in Milam County.

Mr. and Mrs. Robert Eliett and Mark are visiting her family in Amarillo.

Marcha Dell Siebman is visiting in Cleburne with her aunt and uncle.

Anita Wazel spent a week with her sister Mr. and Mrs. L. W. Turner Jr. and little son in Panca City, Oklahoma.

Mr. and Mrs. Lane Webb from Belton spent the week-end with her parents Mr. and Mrs. Hubert Butler Sr. and other relatives.

Mr. and Mrs. Hinton Pruitt and Mrs. I. N. West visited the John Cherry's in Baytown this weekend. Mr. and Mrs. R. C. Flowers met them in Baytown.

Mrs. George Thurman and children from San Antonio and Sister Amalin spent the week visiting their parents Mr. and Mrs. B. J. Matocha.

Mr. and Mrs. H. G. Boedoker visited her sister Mr. and Mrs. Fred Harper in Chriesman this weekend.

Dodge Dealers To See Preview

Jerry and Milton Schiller of Cameron, will attend a special preview of the 196 Dodge cars and trucks to be held Aogust 21 in Dallas.

Salesmen accompanying them will include Larry C. Hackebeil.

The day-long preview will open with a morning sales meeting highlighted by a stage show and movie presentation of the 50th anniversary Dodge models for 1964.

Following a luncheon, marketing plans for the 1964 model year will be explained by corporate and division executives, including Bryon J. Nichols, Chrysler Motors Corporation vice president and Dodge general manager, and Robert B. McCurry, Jr., Dodge general salesmanager.

Dealers of this area will view a display of the 1964 Dodge cars and trucks during the afternoon.

Mrs. F. J. Yarbrough from Gonzales is visiting Mr. and Mrs. J. V. Eanes for the week and also other friends.

millions leave them there!

FAITH IS SOMETHING REAL

"I will lift up mine eyes unto the hills, from whence cometh my help." Psalm 121:1.

"Faith" a noted religious educator has said, "forms the axel of the universe." Certainly we depend upon faith as a principle of daily living. It is not just wishful thinking. We have faith that we will find the necessary food for our bodies when we go to the food store. We have faith that daylight will follow darkness. In other words faith is just as real as anything we can see, hear or feel. Some of us have more faith than others, hence the discovery of America and the electric light. Faith is a great bulwark in time of illness, a valuable asset to the invalid.

The Bible is a text book, or better still a prescription book, of faith. Passages such as the one quoted above show us the way. Attendance at church is another way to supply and to increase our faith. There are times in the lives of most of us when all is not smooth sailing. Learn to draw from these two wells of faith in stormy times. They have supplied others. They will supply you.

In The Service . .

LACKLAND AFB, Tex. - Airman Patrick M. Hight, son of Mr. and Mrs. Milton E. Height of 335 W. Belton St. Rockdale, is being reassigned to Keesler AFB, Miss., for technical training as a United States Air Force radio and radar maintenance specialist.

Airman Hight, who enlisted in the Air Force a short time ago, has completed his initial basic military training here.

The airman is a 1963 graduate of Rockdale High School.

LACKLAND AFB, Tex.- Airman Cotrell J. Allen, whose guardian is Mrs. Daisy Watson of Rogers, is being reassigned to Greenville AFB, Miss., for technical training as a United States Air Force medical service specialist.

Airman Allen, who enlisted in the Air Force a short time ago, has completed his initial basic military training here.

The airman is a 1963 graduate of O. J. Thomas High School, Cameron.

USS THOMAS A. EDISON (FBM NC) — Fayett T. Finney, torpedoman's mate second class USN, son of Marion F. Finney of Route 1, Milano, Texas, is serving with the Gold Crew of the Polaris missile submarine USS Thomas A. Edison, which is prepared to depart on patrol.

It will be the third patrol for the Edison, a unit of the powerful nuclear deterrent, Submarine Squadron 14. The Edison contains one of several submarines which carry the Polaris A-2 missile. The missile contains a nuclear warhead and can be launched while the submarine is still submerged. Each submarine carries 16 missiles.

Two crews, the Blue and the Gold, alternate duty aboard the submarine to enable her to meet her patrol commitments. While one crew mans the submarine, the other is in training ashore.

70 MPH Is New Speed Limit In Most Of State

AUSTIN, TEXAS, July 31, 1963- More than two-thirds of the Texas highway system will come under the new 70-miles-per-hour daytime maximum speed for passenger cars which becomes effective August 23, the Texas Highway Commission revealed today.

Under the speed control law passed by the Legislature this spring, all highways not zoned down by the Commission will automatically go to the new 70-mph speed August 23. This means that some 41,500 miles of the state - maintained highway system will be allowed to come under the higher maximum speed.

The Commission today passed a Minute Order which zoned some 18,640 miles of the highway system at a maximum of 60 miles per hour daytime and 55 miles per hour at nigh for passenger cars, effective August 23. These highways will be restricted to the lower speed limit because engineering studies indicate they are inadequate to accomodate a 70-miles-per-hour maximum.

The Commission's action followed a series of engineering traffic studies conducted throughout the state by the Highway Department's 25 highway districts.

A large percentage of Texas' vast Farm to Market Road System will come under the 70 - mph maximum, although some of these roads (and some of the older primary routes) will be restricted to the lower 60 - mph maximum where conditions warrent.

Sapp Named To Leaders Legion

Forrest W. Sapp local repersentative of the Great Southern Life Insurance Company, has been honored by being named to the 1963 Leaders Legion, it was announced from the home office in Houston, Texas, this week.

This organization is composed of those men in the company who produce in excess of $500,000 in the fiscal year between July 1st and June 30th and, in addition, meet other qualifications in number of lives and outstanding services to policyowners and clients.

Mrs. Gene Marak has just returned home to Jacksonville, Ark. after spending two weeks visiting with her family, Mr. and Mrs. B. L. Varner and relatives in Austin and O'Donnell. Her Husband, AIC Gene Marak, is presently stationed at Little Rick Air Force Base, Arkansas.

Tax Refund Claims Due Sept. 30

College Station, August 15 — Farmers and ranchmen are reminded that claims for the Federal Gas Tax refund must be submitted before September 30, says C. H. Bates, farm management specialist, Texas Agricultural Extension Service.

This refund is on the four cents per gallon excise tax paid on gasoline and diesel fuel used by operators on their farms during the period July 1, 1962 to June 30, 1963, says Bates. He explains that this refund has no connection with the claim for refunds sent to the State Comptroller's office. The gasoline used on an operator's farm by custom contractors is also eligible for the refund, points out Bates, but fuel used in highway travel is not.

The special postcard form, 2240, is the proper one to use to submit fuel claims, says Bates, and they have been mailed to operators who reported in 1962. New farmers and those who have not received the Form 2240, may obtain them from the office of the county extension agent or the area officers of Internal Revenue Service, he says.

Bates reminds that claims are subject to audit, just as other reports submitted to the Internal Revenue Service, and records should be kept to support refund claims. The specialist emphasizes that the deadline for reporting claims is September 30.

Jones Prairie

Ester Glenn Here

By Mrs. R. K. Fontaine

Mrs. Ester Glenn of Pearsall was a guest of Mrs. J. D. Martin and Ted this week. The group visited "Six Flags Over Texas" on Tuesday.

Mrs. J. A. Jamison and daughters, Miss Louise Jamison and Mrs. Bailey Jones of Rosebud are visiting relatives in Abernathy, this week-end.

Mr. Davis Black of Angleton is visiting his brother and family Mr. and Mrs. J. D. Black.

Mrs. R. K. Fontaine and daughter Karen spent several days this week in Silsbee, visiting Mr. and Mrs. W. A. Fontaine and sons, Billy, Jerry and David.

Mrs. S. S. Hickman of Brownwood was a visitor in Jones Prairie this week.
